Professional Food Packaging Manufacturer

A&D MULTIPACK

OUR PRODUCTION CORE COMPETENCIES

Safety and quality

We take quality and safety very seriously therefore we are constantly carrying out inspections throughout the entire process. We track and monitor every element prior, during and after production.

Competitive prices

We are in position to set our own trade prices as we fully control production and delivery costs which gives us a huge advantage over competitors.

On time delivery

Cut out the middle man and decrease delivery turnaround as we ship directly from our manufacturing site and warehouses eliminating all logistics issues

Testing & Standart Production

We measure and record the performance of all raw materials, adhesives, coatings and manufacturing settings. All materials are thoroughly checked and tested in our laboratories before going to production.

Maximum flexibility

We are able to react to market changes and customer demands rapidly and apply new business processes instantaneously instead of having to contact 3rd parties and manufacturers on the other side of the world.

Tailor made packaging

Bespoke packaging processes are implemented easily and quickly through our in house RnD department limiting error possibilities and time delays.

PROFESSIONALLY DESIGNED

Branded packaging has the ability to leave a lasting impression on your customers and improve their customer experience: we combine design and quality to create food and drink packaging you can be proud of.

CUSTOM PACKAGING
BRAND YOUR PACKAGING

We offer all our customers the possibility to fully customize their packaging enabling them to increase brand awareness and maintain a strong and sustainable image. Our in house design team will work with you closely to help you get the customized design that promotes your business and your image. We offer a variety of custom packaging solutions from putting your own logo and design to our packaging (custom printing) to creating your own packaging that suits your business needs.

Full Colour Printing

Our premium printing technology prints a wide range of colours to suit your brand.

Low Minimum Order

We maintain low minimum order quantities across the majority of our products.

ICONS

OUR PRODUCT KEYS

CERTIFIED PRODUCT
The packaging is ISO and HACCP certified ensuring consistent safety and quality.

HOT CONTENT FRIENDLY
Can be used to carry and store hot food.

RECYCABLE PACKAGING
Products can be recycled after use.

CUSTOM PACKAGING
Custom branding /printing available.

MICROWAVEABLE
The product is 100% safe for microwave use.

MADE FROM RENEWABLE RESOURCES
Product is made from paper or cartonboard materials.

WATERPROOF & GREASEPROOF
Product is entirely leakproof.

TABLEWARE ALTERNATIVE
You may use knives and sharp cutlery to cut food right in the packaging.

FEATURES YOU AND YOUR CUSTOMERS WILL LOVE!

We produce sustainable packaging and we are the best at what we do!

GREASEPROOF & WATERPROOF

Entilery leak proof packaging ideal for liquid and moist food storage.

MICROWAVEABLE

All our food containers are 100% safe and suitable for microwave use.

ELEGANT

Exceptional look and design, surpassing European and Chinese analogs.

RECYCLABLE

Produced from cardboard that can be recycled and reused to help reduce the consumption of fresh raw materials.

CERTIFIED

All our packaging is produced in compliance with global environmental standarts and is ISO and HACCP certified ensuring consistent safety and quality.

SHOW CASE LINE

The Showcase Line, as the name implies, is an environmentally friendly way of showcasing your products. The packaging features a transparent lid that favorably displays the contained products. The packaging can be bought as both flat and assembled depending on whether your business is looking to save space or speed up the work process respectively. It can come in diverse shapes and sizes, it's ultimately up to you. What's more, it can be used for food and non-food products. Most brands, for instance, use the Showcase line when shipping and storing handmade items.

Black Edition

The Eco-Friendly Black Edition is an expressive line of premium standard. It has the same technological features and reliability as the Eco-Friendly Essential. Where it differs is the stylish black design. This is a classic distinction that will help to highlight your brand's impeccable taste as well as improve the value and style of your product.

Keep drinks hotter for longer by using ripple wall cups.
Made with a double barrier layer, ripple cups help keep hot drinks warm for longer periods of time. They also help protect hands from heat. These cups are popular with coffee shops serving hot drinks such as coffee, tea, and hot chocolate.Ripple wall cups are often paired with sip-thru lids in black and white colours, and cup sleeves.

These are the boxes that provide the hot and safe delivery of pizzas to the consumer in the ready-to-eat food industry. Although the box does not contain any substances harmful to food, it must be produced from 100% Kraft paper. Thanks to the air holes on the back of the Pizza Boxes, the pizzas in the box are prevented from becoming doughy.
It is heat resistant.

Packaging for Pizza Box

2 options white kraft and brown kraft

Perfect for all pizza sizes
- 100% recyclable
- Bespoke packaging
